DSG Date:	22/01/2024		
DSG Summary:	This change relates to Delivery of Daily Metered Query (DMQ) and generic workflows, residual work that needs to move and migrate from the CMS estate. PO advised that there is a new Daily Metered Service Provider on board and wanted to establish the DMSP arrangements before we look to make any changes, so this is just signposting this change. There is further information on CMS Rebuild covered under section 3 of this meeting and presentation material.
