	☐ NG Transmission	☒ IGT
	☐ All	☒ Other <PAF>

Justification for
Customer Class(es)
selection:

Changes in scope for the release include those impacting the above parties

Proposer Requirements / Final (redlined) Change

Problem Statement:	The request for this Change Proposal is to ensure that there is visibility to ChMC of the changes within scope of DDP Release 5 2026/27 – this aims to provide transparency so the rationale of the priority being applied to DDP scope can be clearly understood.	
Change Description:	Following prioritisation discussions at ChMC and with Xoserve, in release/sprint 5 (Dec2026 -Jan 2027), we intend to deliver features prioritised by customers. The detail is in the Proposed Release section below.	
Proposed Release:	The 2 XRN changes below are core features for release 5 delivery XRN5473 – Meter Asset Detail Proactive Monitoring Service Shipper, Network & IGT feature • New overview dashboard highlighting data mismatches • New detail page to show mprn level data and to highlight data points with a mismatch • Download ability for larger datasets XRN6035 – Read Performance Submission Window Enhancement PAFA feature only • Update to PAR report 2A.5 to show performance against the new submission window buckets • New dashboard to show a view of the interim milestone submissions	
Proposed Consultation Period:	☐ 10 Working Days	☐ 15 Working Days
	☐ 20 Working Days	☒ Other N/A as features prioritised and agreed with customers & ChMC before CP raised.

Benefits and Justification

Benefit Description:	These features were requested by customers and are part of the DDP backlog, they have been prioritised by customers and agreed for delivery at ChMC. Each feature will give the user new insight into their business operations and industry processes, enabling them to operate more effectively.
	<i>What, if any, are the tangible benefits of introducing this change? What, if any, are the intangible benefits of introducing this change?</i>
Benefit Realisation:	The benefits are expected to be realised upon implementation and are specific to each feature. The new and enhanced features enable customers to explore their data more easily to support their decision making.
	<i>When are the benefits of the change likely to be realised?</i>
Benefit Dependencies:	There are no benefit dependencies.
	<i>Please detail any dependencies that would be outside the scope of the change, this could be reliance on another delivery, reliance on some other event that the projects has not got direct control of.</i>

Service Lines and Funding

Service Line(s) Impacted - New or existing:	Expected to be covered within existing DSC Service Line for DDP reporting
Level of Impact:	Major/ Minor/ Unclear/ None
If None please give justification:	
Impacts on UK Link Manual/ Data Permissions Matrix:	
Level of Impact:	Major/ Minor/ Unclear/ None
