Shipper impacted processes during the Cutover window

The Gemini system will be unavailable from 03:00 to 13:00 on Sun 23rd March whilst the Cutover activities are undertaken. Planned dates for long term auctions are not impacted by the cutover. Short term (daily) auctions will be unavailable during the outage window. This includes unavailability of all associated API's. Please plan accordingly and place bids in the day ahead auctions and/or in the within day auctions on the 23rd of March once the new platform is live. Therefore, please DO NOT place any Trades or Transfers during the outage window. Surrender requests will be loaded into the upgraded system from 13:00 via fallback files.
